

Watt a Meet

World EV Day meet-up with the EV Champions

September 9, 2025, | TERI Gram Campus, Gurugram

The Energy and Resources Institute (TERI) is delighted to celebrate **World EV Day** with an inspiring meet-up of EV champions. This gathering is more than just about electric vehicles, it's about the people who drive them, the journeys they've taken, and the insights they've gathered along the way. From smooth, silent rides to the challenges faced on the road to electrification, this event offers a platform to share real stories, exchange practical tips, and spark ideas for a cleaner, greener future on wheels.
